Printer & Label Solutions for the Pizza Industry

Cognitive Solutions offers the most durable printers that withstand the elements of the restaurant environment including sauce, flour, oil and dough!

Cognitive printers cover all of your pizzeria needs from printing box labels to inventory tracking, while increasing efficiencies and productivity.

Code Express…Reduce your credit card processing fees by equipping your drivers with a portable receipt printer

Code Ranger…Portable label & receipt printer combination

Advantage LX…Rugged & Reliable printer with the smallest footprint to fit anywhere in your work environment

Cognitive Solutions & AccoladePOS – A Slice of Perfection

"I'm thrilled with the potential savings that the Cognitive - Accolade combination will generate. We've already noticed increased order accuracy and better inventory controls."

Dale "The Pie Man" Roberts
Owner Blackjack Pizza - Boulder/Longmont

Accolade Technologies LLC is a leading provider of Windows-based software solutions designed specifically for the restaurant and quick serve food industry.

AccoladePOS offers advanced point of sale systems developed for a single or multi-user environment. AccoladePOS combines the following software modules:
- Ordering
- Make Line
- Delivery
- Back Office
- Digital Video Security

Built-in reporting and marketing modules allow for real time tracking of inventory, costs, profits, and sales.

Let the convenience of Accolade software work for you:

- Make changes in your restaurants daily operations from home utilizing Accolade's remote access manager.

- Allow customers to conveniently place orders online.

- Create customized marketing campaigns for your existing customer base and new clients.

- Reduce inventory shrinkage, monitor operations and the security of your restaurant remotely, and protect bottom line profits by integrating video security into your POS solution.
